FINAL ACTION

Applicants' amendment of 10-24-03 has been fully considered. The amendment and argument have overcome the previous rejections of 112/1st and 2nd paragraphs, and thus, said rejections are withdrawn herein. However, because applicants have not filed a terminal disclaimer, the double patenting rejection remains outstanding.

Claims 62-97 are pending.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Double Patenting

Claims 62-97 remain provisionally rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 17-24, and 41-44 of copending Application No. 09/ 574,740. This is a provisional double patenting rejection since the conflicting claims have not in fact been patented.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 1624

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
